Dean's Message

Hello, Creative Costumers!

We are absolutely thrilled about the classes lined up for you this year. I want to personally thank everyone who submitted a proposal. Choosing the schedule was no easy task—there were so many imaginative, thoughtful, and inspiring offerings to consider. In a year that has been challenging for so many, the sheer number of people willing to step forward and share their knowledge speaks volumes about the generosity and heart at the core of our community.

Community feels especially precious right now. It's what sustains us, lifts us, and helps carry us through uncertain times. My hope is that when you join us, you'll feel that sense of belonging—creative, collaborative, and joyful.

This year's classes truly offer something for everyone, from brand-new beginners to seasoned pros, spanning historical costuming to fantasy and beyond. Our theme for Costume College 2026 is "Extra Deluxe: More is More." I invite you to be delightfully over the top, scandalously silly, and whimsically witty. This is the year to throw costuming restraint straight out the window. You'll find several classes that embrace this spirit, along with our exciting Bonus Track Theme: "Upcycling and Textile Transformations."

Our event themes are just as exuberant.

Thursday Welcome Party: "**Camp! Cinema.**" Think diva-in-decline meets John Waters meets Rocky Horror. The B-movie inspiration alone could fill a wardrobe trunk!

Friday Night Social: "**My Villain Era Party.**" What could be more deliciously dramatic than a birthday party of villains competing over Pin-the-Tail-on-the-Donkey?

Saturday: "**Super-Sized Sleeve Soiree!**" Inspired by the gloriously excessive sleeves of the 1830s, but open to every interpretation—gigot, trumpet, bell, peasant—from historical to fantasy to sci-fi.

Sunday Undies: "**Underneath It All.**" Sweet, playful, and just a little saccharine.

Sunday Tea: "**Infernal Masquerade.**" A monstrously morbid finale inspired by the horror genre's most iconic and diabolical looks.

As you prepare, please take a moment to read the workshop and tour registration information included in this catalog. If you don't remember which lottery category you selected, you can find it in your CGW member profile under the forms you've submitted—look for your Costume College 2026 Student Registration Form.

There are also a few important changes this year:

- The Trunk Show is moving to Thursday evening.
- The Gala will feature assigned tables, along with a Cocktail Hour during the Red Carpet.
- Gala and Tea tickets will be purchased on a separate form from student registration.

Finally, my deepest thanks to the incredible volunteers on the Costume College Planning Committee. They are truly the lifeblood of this event. If you're attending—or planning to—I warmly encourage you to sign up to volunteer on-site. Your help makes everything run more smoothly and gives our committee members a chance to enjoy more of the magic alongside you.

Keep an eye on our social media and your inbox for updates. I cannot wait to gather together, celebrate creativity, and see all of your wonderfully Extra Deluxe creations come to life!

With gratitude and excitement,

Kelly Ramin

Dean, Costume College 2026

Tips for Registering for Costume College and Purchasing Tickets to the Gala and Tea

This form is timed! You will have 10 minutes to complete the form once you make your Registration Selection.

The form may only be submitted ONCE.

Each participant is required to register under their own Costumer's Guild West account profile. Do NOT use a friend's or family member's account to register yourself – doing so will prevent them from being able to register and may prevent you from being able to participate in the **Workshop Registration Priority Lottery**.

To register or purchase tickets click the "Register Yourself" button at the bottom of the page. (Those with CGW Household Memberships will need to log in to each Household-Member's account profile to register.)

Pricing is automatically generated based on your CGW Membership status. If you are a current CGW Member and do not see CGW Member price options, please contact the Costume College Registrar at cocoregistrar@yahoo.com.

Workshop & Tour Registration Lottery: You will choose from one of five embellishments to select your lottery group that will determine your priority for registration.

Time Traveler's Gala and Fantasy Tea tickets are limited to two (2) tickets each per registrant.

Once you make the selection to purchase a ticket, you will be given the option to purchase one additional ticket to each event at the non-member price.

For questions, please contact the Registrar at cocoregistrar@yahoo.com.

Disability Accommodation

It is the policy of the Costumer's Guild West to comply with the Americans with Disabilities Act (ADA). We will not discriminate against any attendee of Costume College. We will also reasonably accommodate all attendees with disabilities unless the accommodations would cause an undue hardship to the Costumer's Guild West or the Sheraton Gateway LA Hotel.

If you require accommodation for special needs covered under the ADA, you must notify the Costumer's Guild West and/or the Sheraton Gateway LA Hotel no later than **six (6) weeks** before Costume College. Please notify Costume College's Hotel Liaison of your special needs by email at cocohotelliaison@yahoo.com.

Additionally, we will keep the information regarding your condition and special needs confidential.

Only those members of the Costumer's Guild West and the Sheraton Gateway LA Hotel in a "need to know" position will be informed of your situation.

Tours

Welcome to the Tours Department of your Costume College weekend. Taking a Tour with us is a great way to get to know other attendees! If you don't know a soul when you arrive, you will by the end of the tour.

Have questions about how to sign up for Tours? See page 8!

Tour fees include transportation, snacks and water onboard the bus. All tours gather in the lobby of the hotel, and depart at a specific time. Tour return times vary due to LA traffic.

Costume College is committed to accessibility. If you need a transportation or other related accommodation, please reach out to us well in advance of the event. For more information, please see our Disability and Service Animal Policy.

Minors: All minors regardless of age must be accompanied on the tour by a parent or guardian. Both minor and parent/guardian must purchase tickets to the tour.

MORE, MORE, MORE!!!

Thursday, July 30, 2026

THURSDAY'S TOUR IS OVER THE TOP!

Join us for an incredible behind-the-scenes day in Hollywood with not one, but TWO visits to professional costume houses where costumes are created for film, television, theater, and stage.

We'll visit Bill Hargate Costumes, Inc., hosted by Costume College favorite Rory Cunningham, and Muto-Little Custom Made Costumes, owned by Antoinette Muto and Kimberly Little. Important: These are working studios. No photos are allowed, and all visitors must respect confidentiality agreements.

Notes for visitors: Studios are active workspaces — please wear close-fitting clothing. Muto-Little has two floors and no elevator. There are many restaurants nearby, and we'll pause for lunch at your own expense.

The Thursday Tour hours are:
Thursday, 8:15 am - 5pm
Thursday Tour Ticket: \$95

BUT WAIT, THERE'S MORE!!!

After lunch, we'll visit the Los Angeles County Museum of Art for a self-guided experience of the exhibition Fashioning Chinese Women: Empire to Modernity, with time to explore the museum, shop, and outdoor installations.

This tour includes bus, presentations, admission to the exhibits, water and snacks. Our journey runs from 8:15 a.m. to approximately 5p.m. Cost is \$95 per person.

LA Fabric District Tour Monday, August 3, 2026

Once again, Costume College will be offering a tour of the Fabric District in Downtown Los Angeles. Whether you are looking for natural fiber fabrics to create historical garments or fabrics to realize your fantasy dreams, you will find what you need there. There is hardly any fabric, trim or tool you can imagine that you can't find with a little guidance (from me) and a native guidebook.

An air conditioned bus will transport you from and back to the hotel on Monday, August 4. The bus leaves the hotel promptly at 9AM and will leave town to go back to the hotel promptly at 3PM. Traffic being what it is in Los Angeles, punctuality is important. Travel here is not so much a function of distance as it is time of day.

As we will be traveling in over the road buses, there will be plenty of room for all of your purchases (or your luggage if you are planning to head straight to the airport on your own from downtown.) The buses park all day in a centrally located place so that you can store your purchases while you continue shopping or if you would just like a comfortable place to sit down and take a break. Light snacks and water are provided on the bus.

Prior to the tour, you will receive your e-copy of the Native Guide Book listing the names, addresses and variety of items sold in most of the larger stores. (Hard copies of the book will not be available.) The book will also contain the names and addresses for some of the local eateries.

The fee for this all-day shopping extravaganza is \$45. Questions? Contact the Monday Tour Coordinator at KMumford@bhfs.com.

The Monday Tour hours are:
Monday, 9am-3pm
Please meet in Hotel Lobby at 8:30 am.
Monday Tour Ticket: \$45

Classes! A Student's Guide

The schedule is as accurate as we can make it. We will update the Registration Book and Pull-out Schedules if changes are made, so be sure to check the schedule closer to Costume College. Last minute changes will be posted at the Information Desk and in the Costume College App.

All workshops and lectures end 15 minutes prior to scheduled end time to allow for class change over. E.g., a scheduled one-hour class is actually 45 minutes.

LECTURE CLASSES: The teacher “talks” to the students and may illustrate with PowerPoint presentation, slides, props, charts, or actual items.

- Any registered student of Costume College may attend as many lecture classes as they can fit into the weekend!
- No sign up necessary.
- Be on time! Lecture classes fill fast!
- Classroom capacity is determined by room size and safety restrictions.
- We recommend you bring some cash (in small bills, \$1 or \$5) for optional handouts (these can sell out quickly!)

WORKSHOP CLASSES: The students experience “hands-on” learning by performing the techniques being instructed. These have a class size limit, and a fee for materials. Students may need to bring additional listed supplies with them. Make sure to note the skill level of the Workshop and only sign up for Workshops that match your skill level. Make note of any materials you will need to provide for yourself, listed in the “Students Provide” section for each Workshop. The Teacher will only provide the items listed in the “Kit Content” section. Please note that all kit fees listed for Workshop classes include a \$5 processing fee.

Workshop classes have a set number of students, allowing teachers to create a more intimate environment for their class. Students sign up and pay for Workshop classes in advance online. All Registered students will be emailed the link to a form on the CGW website inviting them to sign up for Workshops. Only registered Costume College students will be able to sign up for Workshop classes.

Available seats after Online Registration is complete *may* be available at the On-Site Workshop Registration Desk during Costume College in the Prefunction Foyer on the ground floor (see back map), Thursday, July 30, 7:00pm-8:30pm. To ensure an equal chance for all students, you must pick-up your Check-in materials first and then may only sign up for one (1) Workshop each time you go through the line. You may only purchase On-site Workshops for yourself (or an accompanying minor). To secure your seat, you will need to pay for your class on the spot either by cash or check.

Remember, while the Workshop classes are always fun and exciting, there are a huge number of other things to see and do!

Things to Remember About Workshop Classes:

- Workshop classes are not transferable. You may not give away or sell your seat to anyone else.
- Please do not approach teachers to ask if you can attend a class you are not enrolled in or if you can “sit quietly in the back and watch.”
- Workshop Fees are refundable less a \$5 processing fee until June 29, 2026.
- Please pay attention to the notes about “Student Provides” list for each Workshop. Be sure to bring the required supplies — you will learn the most from your classes if you are prepared.

Classes! A Student's Guide, cont.

Class Skill Level:

In order for all students to get the most out of the workshops, please register for workshops within your skill level only. The following skill level descriptions will help to determine which classes are best suited for you. Remember, an advanced student can learn new tips and techniques from classes of all skill levels, but beginners may struggle in advanced classes and take away from the experience for others.

Skill Level Description

All: Enjoyable and accessible to all attendees.

Beginner: Designed for those with little or no previous sewing or other applicable experience.

Intermediate: Requires basic knowledge in the topic, such as ability to construct a garment from a commercial pattern.

Advanced: Requires specialized knowledge. Please see the class description for specific requirements.

Tips to get the most out of your classes:

- Taking notes helps reinforce your learning experience, and provide a handy reference long after the class is over.
- You may take photographs with the permission of the teacher.
- Audio or video taping of any kind is strictly prohibited, unless specifically allowed by the instructor.
- As a student, please keep comments, personal stories, and/or experiences to a minimum, unless requested by the teacher. Ask your questions during the time designated by the instructor.
- Our teachers are graciously volunteering their time to be a part of the conference. Please let them know you appreciate their hard work!
- Find yourself wanting to attend two classes scheduled at the same time? Use the buddy system! Go to one class and trade notes with someone who went to the other one.

Stay hydrated! Don't forget to eat!

Workshop & Tour Registration Information

Costume College Workshop and Tour Registration Procedure for 2026!

To not overwhelm our registration, you will choose from one of five groups (named after embellishments) which will correspond to your assigned day to register for Workshops and Tours. The five choices will be randomly sorted, lottery-style. Anybody registering after that date will be assigned to the 6th group. On your assigned day, the registration forms will open for your assigned group. (You must sign into your CGW account under the profile you used to register for Costume College).

Rules – Workshops

- You may select up to three (3) workshops
- All selected workshops must be for yourself
 - All workshops must be for your OWN registered student profile
 - You may not register family or household members
 - Workshop spots are NON-TRANSFERABLE
- You may not register for multiple workshops in the same time slot
 - ALL overlapping workshop selections will be automatically canceled and refunded.

Workshop registration is separate from the Tour registration – there are TWO forms, and each may only be submitted ONCE! At a later date, the workshop and tour forms will re-open for all registered students to sign up for any remaining workshop spots.

Rules – Tours

- You may select up to two (2) tours
- All selected tours must be for yourself
 - All tours must be for your OWN registered student profile
 - You may not register family or household members
 - Tour spots are NON-TRANSFERABLE

Refunds policy: Workshop Fees are refundable less a \$5 processing fee until June 15, 2026. Tour Fees are refundable less a \$5 processing fee until June 30, 2026.

Transfers: Workshops & Tours are NOT transferable.

And now, the question we know everyone will be asking: **HOW DOES THE LOTTERY WORK?**

All students registering by April 4, 2026 will select from one of five embellishments on the registration form. This choice will determine your group. (The groups have limited numbers to ensure an even distribution.) IMPORTANT: THE GROUPS DO NOT YET HAVE AN ORDER. On April 7, 2026, the groups will be placed in a random order. On April 7, 2026, you will receive an email letting you know which day your group has been assigned (i.e. which day you will be able to access the workshop registration form) along with links to the forms. Workshop and Tour registration will begin for the first group on April 9, 2026 and will open each successive day for the rest of the groups, with the final group gaining access to registration on April 13, 2026.

Workshop & Tour Registration Information, continued

Important dates:

- Saturday, April 4th - Last day to register with lottery group assignment
- Monday, April 6th - Workshop and Tour Registration for Teachers and Committee Members opens
- Tuesday, April 7th - Group Assignment dates sent to registered attendees via email
- Thursday, April 9th - Workshop and Tour Registration opens for Group 1
- Friday, April 10th - Workshop and Tour Registration opens for Group 2
- Saturday, April 11th - Workshop and Tour Registration opens for Group 3
- Sunday, April 12th - Workshop and Tour Registration opens for Group 4
- Monday, April 13th - Workshop and Tour Registration opens for Group 5
- Tuesday, April 14th - Workshop and Tour registration opens for registrants who missed the lottery!
- Monday, May 11th - Workshop registration re-opens to all attendees IF OPEN SPOTS REMAIN

Frequently asked questions:

How do I know which embellishments to pick when registering for Costume College to get the earliest workshop registration date?

You don't. NO ONE knows which group will be first to register until after April 7th.

What happens if I register for Costume College after April 7th?

You will be able to register for workshops starting on Tuesday, April 14th.

I'm a Teacher (or on the Costume College Committee)! How does this affect my registration?

The lottery DOES NOT affect workshop registration for Teachers and Committee Members. Teacher and Committee Member Registration will be on April 6th and is not affected by the lottery. You will still be asked to select an embellishment when registering for Costume College, however this will not change your registration date.

What happens if I'm unavailable on my assigned registration day?

Your assigned day is the EARLIEST date you may register for workshops. The form will remain available to you until June 15th or when all workshops have filled.

What happens if I have a minor child attending a workshop?

If this situation applies to you, you must both choose the same embellishment (group). Please contact the Student Liaison (cocostudents@gmail.com) BEFORE workshop registration opens (no later than April 8th) for all accommodations.

What if I need ADA accommodations to help me with workshop registration and/or attending workshops?

Please contact the Student Liaison (cocostudents@gmail.com) BEFORE workshop registration opens and they will be able to assist you.

What if I have another question not answered here?

Please contact the Student Liaison (cocostudents@gmail.com) BEFORE workshop registration opens.

Student Orientation: Surviving (and Thriving at) Costume College

Hotel Liaisons Maegen Hensley and Jane Cadieux welcome you to Costume College at the Sheraton LAX—where the elevators are slow, the costumes are spectacular, and everyone seems to know where they're going. (We promise, they don't.)

First time? Fifth? Fiftieth? It can feel like you've stepped into a glittering whirlwind of corsets, cravats, and caffeine. If you're currently experiencing "deer in headlights but make it 18th Century Hair," this session is for you. Join fellow newcomers—and a few seasoned veterans who survived and came back for more—for the inside scoop before your weekend begins. We'll answer the questions you're afraid to ask and the ones you don't even know you have yet.

We'll cover important mysteries such as:

- Where your classes are (and how early you need to leave to find them)
- Where to see the jaw-dropping exhibits
- What actually happens Friday and Saturday night
- How to get involved with CGW and Costume College
- Where the info and volunteer desks are when you suddenly need safety pins
- And yes... what is up with the badge ribbons?!?!

The 2026 Student Orientation hours
are:

Friday, 8am
Located in the Gateway Ballroom

Expect practical advice, honest tips, and a few stories that will make you feel much better about anything you accidentally glue, forget, or wear backwards. There are skills to learn, friends to make, and costumes so glorious you may briefly forget how to blink. Whether you're a longtime reenactor or brand new to the costuming world, come meet your people. We'll send you off confident, prepared, and ready to dive headfirst into a weekend of creativity, community, and possibly more trim than is strictly necessary!

Guest Teachers

Our volunteer teachers are remarkable, knowledgeable, and have spent countless hours developing their classes. Without their contribution, Costume College would not be the extraordinary event that it is. The Costume College Committee and the CGW, Inc. Board of Directors would like to thank them for their hard work and dedication to the costuming community.

Guest Teachers: Alia Pyatt & Emilee Shield

Alia Pyatt, widely known as Magical Black Girl Alia, is a professional cosplayer, content creator, and educator whose work blends costume design, fashion history, and imaginative reinterpretation of fandom. As both a cosplayer and creator, Alia researches and constructs intricate costumes, plans and executes solo and collaborative photo shoots, and engages audiences with thoughtful commentary on cosplay, pop culture, fashion, and beauty. Alia's work is deeply informed by her background in fashion merchandising and her persistent curiosity about historical fashion and visual storytelling. In addition to her costume work, Alia has spent years building a successful online presence and regularly speaks about navigating social media as a diverse costumer. Find her work at [@magicalblackgirlalia](https://www.instagram.com/magicalblackgirlalia) and learn more about her creative journey on her website.

Look for Alia's classes:

- Cosplaying Outside of the Box
- Social Media 101 For Costumers
- Fashion Facts with Alia: A Wacky Fashion History
- Costuming Access, Equity, Identity, and Representation

Emilee Shield is a PNW artist. Her work as an activist and advocate within the cosplay world touches on reclaiming narratives, civic engagement, and youth involvement. Her cosplay of Angelica from the Tony-winning musical Hamilton was retweeted by Hamilton the Musical's social media accounts, and her creativity for reused and recycled materials inspires generations worldwide. Emilee's cosplay work has been featured in Insider Magazine, Cosplay Central Magazine, Good Housekeeping Magazine, and Netflix. Freshman Orientation

Maegen Hensley

8:00 AM - 8:45 AM *Gateway Ballroom 1st Floor*

First time? Fifth? Fiftieth? It can feel like you've stepped into a glittering whirlwind of corsets, cravats, and caffeine. If you're currently experiencing "deer in headlights but make it 18th Century Hair," this session is for you. Join fellow newcomers—and a few seasoned veterans who survived and came back for more—for the inside scoop before your weekend begins. We'll answer the questions you're afraid to ask and the ones you don't even know you have yet.

Adjusting Patterns to Fit Full & Small Busts

Renee Reavis

9:00 AM - 10:45 AM *Room 215 2nd Floor*

Example in photo

Skill Level: Intermediate

Kit Fee: \$7

Required Skills: Use of commercial sewing patterns, garment construction

Kit Contents: Tracing paper, tape, half scale bodice pattern

Student Provides: Pencil, eraser, scissors, straight edge/ruler, cloth tape measure. Optional: drafting curves, bodice pattern to modify

Commercial patterns are typically drafted for an average of a B cup and frequently don't fit when made up. Get hands-on practice adjusting a sewing pattern to fit a full or small bust, modifying darts, and resolving common bust-related fit issues. This class will also discuss how to interpret mockups to further refine the fit around the bust.

Basic Smocking and Creative Uses

★ Kris Ferraro

9:00 AM - 10:45 AM *Room 202 2nd Floor*

Smocking has been utilized since the Middle Ages to create function and beauty in everyday garments. In costuming for film and stage, smocking has evolved to create gorgeous patterns and details that catch the eye and support the stories being told. In this class, we'll cover three different forms of smocking, creative uses and embellishments.

Skill Level: All Skill Levels

Required Skills: Basic hand sewing

Kit Fee: \$10

Kit Contents: Hand needles, beading needles, thread, muslin, assorted beads, hand-out

Student Provides: Snips, ruler, marking pen or pencil

Example in photo

Bead Embroidery for Historic Costuming and Cosplay

★ ★ Mela Hoyt-Heydon

9:00 AM - 11:45 AM *Room 203 2nd Floor*

Beads, sequins, and stones can all be used to elevate your costume design, add texture, and help to replicate an existing museum piece. This workshop will explain the differences between types, tools to use, and how to keep lines of beading straight, along with mastering curves. You will be making a beading sampler for future reference.

Skill Level: All Skill Levels

Required Skills: Confident with hand sewing

Kit Fee: \$30

Kit Contents: hand-out, beading needles, beading thread, needle threader, embroidery hoop, base fabric, beads/stones/sequins, fabric marking pen

Student Provides: Small scissors. OPTIONAL: metal thimble for pressing prongs

Example in photo

Friday Classes

Beginning Needle Lace

Mary Altman

9:00 AM - 11:45 AM

Room 206 2nd Floor

Example in photo

Learn the basics of needle lace, sometimes called needle-point lace or Venice Lace. Needle lace is fun to make and requires no special equipment or supplies. It can be any shape (like a mask) or size. We will make a butterfly applique during this workshop, but the applications are endless.

Skill Level: Beginner

Required Skills: General basic embroidery skills

Kit Fee: \$5

Kit Contents: Paper pattern and hand-out, backing fabric

Student Provides: 2 sizes of crochet thread (a fat 1 (#10 or fatter) and a thin 1 #60 or thinner), sewing needle (sharp, with an eye big enough for your fat crochet thread), ordinary sewing thread, scissors

DIY Perfect Pleater Board

Asha Taylor

9:00 AM - 11:45 AM

Room 204 2nd Floor

Learn how to design and build a reusable pleater board for creating consistent pleats. This workshop covers pleat theory, measuring and marking techniques, board assembly, and testing pleats on fabric strips. Students will leave with a functional pleating tool and a clear understanding of how pleat depth and spacing affect finished results. This class focuses on process rather than speed and is suitable for historical, fantasy, and modern costuming applications.

Skill Level: Intermediate

Skills Required: Use of ruler & utility knife/box cutter

Kit Fee: \$20

Kit Contents: Pre-cut poster board panels, pre-measured spacing guides, fabric strips, utility knife, fabric glue, bias trim, fabric

Student Provides: Ruler, pencil, binder clips or clothespins, additional fabric strips for testing.

OPTIONAL: sewing machine

Embroidered Regency Reticules

Feather Tippetts & Kristen Kaufman

9:00 AM - 12:45 PM

Room 205 2nd Floor

Create your very own white silk reticule! You will select the shape of your reticule and the period appropriate embroidered motif, with three shapes and six motifs to choose from. Your reticules will be finished with silk piping, drawstrings, and tassels. Panels are pre-embroidered so you only need to construct the reticule in the workshop.

Skill Level: Intermediate

Skills Required: Intermediate hand and machine sewing skills using personal machine, specifically using zipper foot to make piping

Kit Fee: \$70

Kit Contents: Scalamandre heavy white silk satin fabric, white cotton, white ribbon, piping cord and silk covering, tassels. Students will be contacted to choose their reticule shape and motif

Student Provides: Sewing machine, standard foot and zipper foot, white thread, fabric scissors, pins, pin cushion, hand-sewing needles, pencil/fade-away marker

Example in photo

Intro to Chicken Scratch Gingham Embroidery

★ Susie Carson

9:00 AM - 10:15 AM

Room 212 2nd Floor

Chicken scratch embroidery, also known as gingham lace, became popular during the Great Depression. Students of this workshop will learn two basic patterns and will have the opportunity to complete samples of both. They will also receive instruction in the history of the method and receive paper patterns for several other designs.

Skill Level: Beginner

Required Skills: Very basic handsewing skills

Kit Fee: \$10

Kit Contents: Hoop, gingham fabric, embroidery thread, needle

Student Provides: Scissors

Example in photo

Friday Classes

Intro to Irish Crochet Lace Making

Courtney Kelly

9:00 AM - 12:45 PM

Room 203 2nd Floor

Example in photo

This class will teach the basics of how to create Irish Crochet Lace. Students will learn the foundations of many designs and how to work them into larger pattern. At the end of the class, students will have completed a small project and will have the resources to continue making more projects in the future!

Skill Level: Intermediate

Required Skills: Basic crochet stitches (single crochet, double crochet, chain stitch, slip stitch)

Kit Fee: \$5

Kit Contents: Patterns, thread, foundation fabric, hand-out

Student Provides: DC 10 cotton crochet thread, 1mm crochet hook, sewing needle, scissors

Mourn like a Victorian: Beginning Hairwork

Edel Nevins

9:00 AM - 11:45 AM

Room 217 2nd Floor

We will learn Victorian hairwork basics for 3D crafting. Students will make a flower brooch.

Skill Level: All Skill Levels

Kit Fee: \$40

Kit Contents: Hand-out, synthetic hair, 26g wire, clamp, rod, ribbon, baubles, pin back, glue, pouch, extra supplies for practice

Student Provides: Scissors

Power for the Cutting Room Floor

Laura Tan

9:00 AM - 10:15 AM

Room 201 2nd Floor

It's a universal experience: unfolding sore legs and back after crawling around on the floor cutting out some big, bold project for far too long. Learn strengthening exercises to help improve your body's stamina and reduce your risk of injury for the next time you need to crawl on the floor to cut the next glorious frock. In this class, you'll need to be able to get on and off of the floor without assistance from another person. Be prepared to get your blood and body moving; make sure you're wearing comfortable clothing that allows you to move.

Skill Level: Intermediate

Required Skills: Must be able to get on and off of the ground without assistance

Kit Fee: \$5

Beyond Bridgerton: Rethinking Historical Costumes

Madame Askew, Andie Ruiz, Kellie Springer & Sarah Magnuson

11:30 AM - 12:45 PM *Ballroom D 1st Floor*

Film and television historical fiction have been brought historical costuming to the forefront of culture, with some anachronistic costuming choices.

In this class, we look into when and where historical costuming serves the narrative and where using modern sensibilities elevates the art form. Rather than seeing anachronistic costuming as a failing of being “book” or “historically” accurate, we look to see how these costumes tell us a story of who these characters are and how they inform the audience.

Tools of the Trade

Morgan Hoover

11:30 AM - 12:15 PM *Room 112 1st Floor*

Sewing stores are FULL of various tools and gadgets for sewing, but which ones do you actually need?

And which will gather dust in your home? This class seeks to shine a light on which tools you should always have within hands reach, and which you should leave at the store.

Unstable Silhouettes: When Shapes Stop Behaving

Rebecca Russell

12:00 PM - 1:15 PM *Ballroom F 1st Floor*

Periods of social upheaval often reshape women's fashion in visible ways. This illustrated lecture examines the 1820s, 1920s, and 2020s, three eras roughly a century apart, when social pressure produced flattened silhouettes, simplified construction, shorter hair, and a tension between reduced shaping and bodily exposure. Through visual comparison of garments and hairstyles, the lecture shows how seemingly defeminizing forms emerged alongside expanding ideas of feminine freedom, revealing a recurring pattern in how femininity is renegotiated.

Sewing for Trans Bodies

Susie Carson

12:30 PM - 1:5 PM *Room 112 1st Floor*

This lecture will focus on adapting patterns for both trans-masc and trans-fem bodies, and identifying areas that commonly need adaptation. We will also discuss using inclusive language and being sensitive to dysphoria.

EVA Foam Faux Metal Brooch

★ Nancy Howe

12:30 PM - 2:15 PM *Room 202 2nd Floor*

EVA Foam is not just about armor and big fantasy pieces. EVA foam can be used to compliment your historical and cosplay costumes as well. In this beginner-friendly class, learn the basic techniques while fashioning a metal-looking Victorian or Art Deco brooch. Learn heat-shaping, sanding, and paint brush strokes. No glue required.

Required Skills: Basic cutting, sanding with sandpaper or dremel, painting with acrylic paints

In this class, Bree will share the making of a 1930s gown, using period accurate patterning instructions, with tips and details of working with chiffon. She will also discuss period underpinnings of the era, and the secret queer coding of some of the fashions of the 1930s.

Fashion Facts with Alia: A Wacky Fashion History

Alia Pyatt

1:00 PM - 1:45 PM *Gateway Ballroom 1st Floor*

Nine times out of 10, the origins or your favorite garments have wacky (or morbid) backstories! Whether you're into historical fashion or modern style, come learn some weird facts about what you're wearing!

Humble Fabric, Strong Design

★ Susan Deming

1:00 PM - 4:45 PM *Ballroom E 1st Floor*

This lecture is for costumers who feel stuck because their fabric feels plain, boring, or limited. Instead of starting with the right fabric or expensive materials, this class focuses on how to elevate what you already have. We'll explore how choosing an outfit concept first can guide smarter, more creative fabric decisions. Susan will share ways to look at ordinary fabric and see how it can become more than a limitation. Students will leave with approachable strategies that help get more impact from what they already have.

Friday Classes

Knitting Techniques for the Sewist

Laura Raynes

1:00 PM - 1:45 PM *Room 205 2nd Floor*

Adjusting Patterns to Fit Real Bodies

Renee Reavis

1:30 PM - 2:45 PM *Ballroom E 2nd Floor*

Just like ready-to-wear clothes, most sewing patterns are drafted to average proportions that fit few people well, leading to frustrating results, endless mockups, and wasted fabric. Learn some of the secrets to adjusting your sewing patterns to fit YOUR body and streamline the mockup process. This class will cover a variety of standard fit adjustments, how to interpret drag lines on a garment, basic dart rotation and repositioning, and grading between sizes.

Altering Patterns for Bigger Bodies

Liz Gerds

1:30 PM - 2:45 PM *Ballroom F 1st Floor*

There is no such thing as a standard human body. This goes double for larger people. Starting with modern flat patterns, we'll discuss wearing ease, style ease, measurements vs. sizes, and how to make a pattern work for you.

From Fabric Scraps to Fashion

★ Morgan Hoover

1:30 PM - 2:45 PM *Room 112 1st Floor*

Learn how to take less than a 1/2 yard of fabric and make clothes and accessories you'll actually use! In this class we'll tackle how to make small patterns out of larger fabric scraps (such as vests and shorts), how to use piecing and quilting techniques for things like bags and stuffed animals, and yes, we'll even tackle what to do with the tiniest of fabric scraps (instead of throwing them away).

Costuming for Every Body

Madame Askew, Andie Ruiz & Kellie Springer

3:30 PM - 4:45 PM *Room 214 2nd Floor*

Creating and maintaining a kinder, more inclusive costuming community doesn't stop at remembering that Cosplay is not Consent. Explore the ways in which we can make costumes more accessible, and how we can work together to create a costuming community that welcomes diverse bodies, kinder connections, and more welcoming convention experiences.

Costuming Without a Tribe

Asha Taylor

3:30 PM - 4:45 PM *Gateway Ballroom 1st Floor*

Costuming doesn't look the same for everyone.

For introverted, disabled, or overwhelmed makers, pressure to be visible or constantly productive can take the joy out of the craft. This experience-based lecture explores quieter ways of participating in costuming, including navigating FOMO, opting out without guilt, and redefining community. Based on lived experience, it offers permission to engage with costuming in supportive, sustainable ways.

Burlesque Costumes from the 1870s to World War I

★ Sandy Manning

4:00 PM - 4:45 PM *Room 205 2nd Floor*

This class delves into how these tips and tricks can be used by anyone from home sewists to cosplayers to community theater volunteers.

Fabulously Subversive: Queer 19th Century Fashion

Madame Askew

12:00 PM - 12:45 PM *Ballroom D 1st Floor*

Madame Askew has a passion for big bustles and bold colors, but more than that, she loves to explore history through fashion. Join Madame for a guided tour through some highlights of Queer historical fashion and learn why she thinks it's important to connect with our LGBTQ ancestors through the clothes they wore.

More is More: Late-Victorian to Edwardian Parasols

★ Maegen Hensley

12:30 PM - 2:15 PM *Gateway Ballroom 1st Floor*

Come witness the parasol's evolution from tidy mid-Victorian sun-shade to Edwardian portable pavilion. We'll explore how modest canopies expanded into architectural statements that required confidence, clearance, and possibly a footman. Through artwork, fashion plates, and museum examples, we'll trace the decade-by-decade escalation of size, trim, fringe, and structural ambition. Real antique parasols will be available for close inspection (gentle admiration encouraged), so you can study the construction, scale, and splendid excess up close.

Saturday Classes

Just Use What's Hanging Around: Yes, The Curtains

Heather Dill-Tullo

12:30 PM - 1:15 PM *Room 205 2nd Floor*

Explore the time-honored tradition of making clothing out of curtains. We'll look at on screen examples and several pieces Heather has made out of curtains, and other home textiles. Heather will also give tips on how to make the most out of your upcycled materials.

Quilting provides softening and structure for pockets, decorative sleeves, petticoats, forepart, kirtles, and more. Historically, quilting has been used in menswear for garments such as the pourpoint, gilet, houppelande, doublet, banyan, and more. Luxury household goods were made with a variety of fabrics and styles. In this short class, we'll learn about the basic stitches. We'll give them a whirl and then discuss some of the rare extant examples dating from 200 BCE to the 19th century.

Saturday Classes

A Pressing Matter 2

Rory Cunningham

3:00 PM - 4:45 PM *Room 202 2nd Floor*

After sewing a beautiful seam, it will never look perfect unless it is pressed correctly. Learn tricks of the trade to take your sewing from “loving hand at home” to “lovely garments to own.” In this class, students will not only learn more than one way to finish seams of all sorts, but receive other insights to create their costume visions.

Rebecca Shedd

Rebecca Shedd's journey in costuming spans 24 years. She knew she had found her passion and her people the moment she stepped into her first Renaissance Faire.

From there, she has expanded her interest to include late 18th century, 19th century, and early 20th century fashion, as well as a smattering of cosplay. Beginning with her first

sewing lesson from her mom, there's been no stopping her quest for sewing knowledge. She is excited to share some of what she has learned.

Elise Sigley (she/her)

Elise Sigley is a self described 'journey woman seamstress'. She loves historical costume, but can't stay away from all the pop culture conventions and thus has a habit of marrying the two to specialize in historical cosplay. As the head of her cosplay group, Tteatime Productions, she's won best in show at Denver Pop Culture Con in 2016.

Caroline Smeby (she/her)

Caroline Smeby has been costuming since 2003, specializing in anime and video game design, with recent expansion into historical costuming. She is ranked at the master level in competition and is known for exceptional attention to detail. Passionate about craftsmanship and community, Caroline loves helping others learn, grow creatively, and

refine their artistic and sewing skills.

Stacia Smith-Alexander (she/her)

Stacia Smith-Alexander is the University of New Mexico's costume shop supervisor, teaching technical costume courses. She is experienced in costume design for dance, millinery, and CLO 3D pattern-making. In 2019, she received an artist residency, The Creative Gesture; Designing for Dance, at the BANFF Centre for Arts and Creativity

in Canada. Stacia has designed flamenco costumes for notable choreographers which have been showcased at Jacob's Pillow Festival and has worked for online designer "4KINSHIP" and is a member of IATSE Local 480.

Linda Sparks (she/her)

Linda Sparks is the owner of Farthingales Corset Making Supplies out of Canada. She's owned and run the company for over 25 years. We stock over 20 qualities of boning! Linda has taught over 300 people how to make corsets and wrote the book "The Basics of Corset Building." Farthingales Corset Making Supplies <http://www.farthingales.com/>

Kellie Springer (she/her)

Avid Costumer, Steampunk and gamer.

Persi Tam (they/them)

Persi Tam (@persiktam) is a multidisciplinary maker and historical costumer who loves the moment an idea becomes something you can wear. They started out in cosplay and the SCA and stayed for the challenge: give them a theme, budget, and constraints, and they're happy. Persi enjoys deep research and making costuming

spaces less colonized and more inclusive. Their favorite checky particolor cotehardie has a saga of mistakes, hand finishing, and community. Outside of costuming, they're a dancer, singer, theatre kid and mutual aid organizer.

Laura Tan (she/her)

Laura Tan, PT, DPT graduated with a doctorate of physical therapy in 2015. Laura has been working in outpatient orthopedics and started working with an interdisciplinary chronic pain program in 2019. While she dreamed of sewing during grad school, she was able to realize her dream of learning garment sewing once she settled into her career. After enduring

the various aches and pain of crafting, she has combined her professional and creative pursuits to share with her fellow costumers to help them continue to achieve their costuming fantasies.

Asha Taylor

Asha Taylor is a friendly neighborhood, fabric-hoarding costume dragon who has been dabbling in costuming for the last 15 years. Their work is currently largely influenced by fantasy and Faire, though they have also explored historical costuming along the way.

Asha hopes their creations will inspire those new to sewing and costuming, especially since they are still learning and growing themselves, as well as offer fresh perspectives to seasoned veterans of the craft.

Dianna Taylor

Dianna Taylor is a crafter, nerd, cosplayer, and convention enthusiast. She has been performing, costuming, and styling hair for her vintage dance troupe since 2015.

Lois Taylor (she/her)

Lois Taylor has been a crafting and costuming enthusiast for many years, and has worked extensively on costumes for dozens of community theater projects. She has knitted and crocheted many a beautiful blanket, sweater, and hat. She is recently retired and able to indulge in all the creative projects that she didn't have time to do while working!

Megan Terry (she/her)

Megan Terry makes her living as a writer and editor, but has been costuming as a hobby for 17 years and sewing for even longer. Her costuming journey began in the world of cosplay, and in college, she began making fantasy-inspired clothing to wear in everyday life. From there she expanded into historical costuming and she's more recently taken on

fiber arts such as knitting and nalbinding.

Feather Tippetts (she/her)

Feather Tippetts is a premier award-winning historical costumer. Her work has been displayed in museums in Washington, D.C. and California. She is the owner and principal designer of Grand Gestures Historical Costume. Frequently called upon as a speaker and consultant on historical clothing, Feather brings a wealth of research and experience to her programs and

workshops on historical costume. She is based in Southern California and is looking forward to teaching at Costume College again. Grand Gestures Historical Costume

Arielle Walker (she/her)

Arielle Walker works as a stitcher, dresser, and craftsperson in professional theater costume shops around the Los Angeles and Orange County areas. Along with her degree in Fashion Design and 13 years of sewing experience, Arielle is a continuous explorer of artistic mediums.

Danielle Williams (she/her)

Danielle Williams has been telling stories her entire life and now tells stories through clothing and costumes. She lives on the Gulf Coast in the land of Mardi Gras and Southern Gothic, and has recently combined her theater background and costume experience to perform as an AFAB drag queen. During the day she has a business doing

alterations and creating costumes for customers, but her favorite hobby is hunting exotic fabrics whose descriptions sound like a Mad Lib.

Bree Wardlow (she/her)

From Renaissance to rockets Bree Wardlow has built so many things! Beginning with faire costumes, then outdoor gear at Patagonia, Bree enrolled at Fashion Institute of Technology in NYC. Earning an Accessories Design degree, she designed and made shoes, handbags, hats and more. A self taught corsettier and burlesque performer,

Bree adores creating historical costumes, especially the 18th century. She worked in aerospace, manufacturing spacesuits for several years. Bree now teaches sewing online, hosting zoom sewcials and craft events. She brings her passion for sewing and costuming to Costume College, where she loves to be a student, and a teacher!

Dave Wilson (he/him)

Dave Wilson's first Costume College was a year after his lady went in 1996, he's been coming ever since. Most often he teaches "How to make to hat boxes."

Jeannine Wayman (she/her)

Jeannine Wayman learned how to sew at the age of 10. She hated sewing until turning to quilting in her 30s. She currently teaches Interior Design & Fashion and Advanced Fashion Design & Construction in a California high school. One of the most important things about being a teacher is to encourage and support students in discovering a new art

form and having fun. You can see some of her work on her blog <https://jninecostumes.blogspot.com/>.

Wolfcat (she/her)

Wolfcat has been involved in fandom since the mid-80s. She's been called "the-7-costumes-a-day-girl", and enjoys a variety of types of costuming, from historical or media reproductions, anime, fantastical fae, individual whim, even visual puns. Hailing from the Pacific Northwest, she loves wearing fun things and will cheerfully give purring hugs or talk

about costuming, gaming, food, and all other things relating to her fandom flavors, unless she's dancing or reading. Interrupt those at your own risk!

Madame Askew (she/her)

When Madame Askew is not preoccupied with tea, she operates a small atelier where she creates fanciful and charming bespoke garments, underpinnings, and hats for discerning time travelers. She is also quite delighted to teach sewing workshops and to host regular live sewing teatorials and sew-alongs in her virtual tea parlour. Whilst Madame

has lost all sense of time spent within her workshop between time traveling adventures, she is most certain that it has been less than a century, but more than a minute.

Kathryn Wolters (she/her)

Kathryn Wolters has been a confirmed historical costume, jewelry, textiles, and embroidery nerd, since the age of 9, when she dressed her Barbie doll in early Minoan dress. Since then, she has spent the last 50 years working with various historically minded costuming groups. The words 'Lifetime Addictions' come to mind. Country Countess

Laura Wong (she/her)

Laura Wong is a licensed kimono dresser as well as the owner of BORO BORO, which is a Los Angeles based textile shop specializing in vintage Japanese textiles, kimono, and upcycled products made from vintage kimono fabrics. She also teaches on a variety of related subjects, ranging from lectures on kimono history to hands on

workshops in sashiko and patchwork mending. In addition to her textile work, she has spent the last 15 years as a union costumer in the film industry.

BORO BORO <http://www.shopboroboro.com/>

Erin Woodward (she/her)

Erin Woodward has been sewing, crafting, and costuming for over 50 years. Her costuming focus is 19th century and Disney bounding. She enjoys all types of textile arts, especially quilting and crochet and hopes to take up spinning and weaving soon.

Evaine Young (she/her)

Mina Zubia (they/them)

Mina Zubia, Cosplaytology, has been a cosplayer for 18+ years and is a licensed Cosmetologist with a specialty in wigs, having worked in creating wigs for film, theatre, and of course cosplay! In addition, Mina likes to take on the extra challenge of rescuing wigs in need of help at conventions with the business, At Con Salon, offering wig services on the spot.

About Costume College

Costume College is an annual three-day costuming arts conference created and produced by Costumer's Guild West, Inc.

Costume College is a welcoming and non-competitive environment where attendees share and disseminate information/skills.

We offer lectures and workshops on all things costuming: from general sewing (pattern grading, setting sleeves, etc.) to historical construction methods (corsetry, petticoats, etc.) to time period overview classes to science fiction/fantasy costume construction.

All of our classes are taught by volunteers who enjoy sharing their knowledge on a particular topic. Teacher volunteers come from our membership, local costumers and costume designers, industry personnel, costume related business owners, craftspeople specializing in costume related crafts, cosplayers, costume researchers, dress historians and sewing specialists. Invited guest teachers are usually experts in their field and are usually selected based upon their expertise tying in with the theme or bonus track for that particular year.

Along with the opportunity to learn new skills, we offer our attendees several social gatherings to show off their creations! We host a Welcome Party, a Friday Social, a Gala Dinner & Dance, and an Afternoon Tea (the Gala and the Tea each have a separate admission).

We also have a Marketplace filled with fabulous vendors who cater to costumers and an Exhibit Room filled with costumes created by our attendees. Both the Marketplace and Exhibit Room are open to the public and do not require a separate admission.

Costume College is the perfect opportunity to meet people who share a love of costuming!

About Costumers Guild West

Costumer's Guild West, Inc. (CGW) is a 501(c)3, non-profit, volunteer-operated, educational organization dedicated to the art of costuming. We welcome all levels and styles of costumers, whether professional or hobbyist; novice, or master. We are here to encourage, nurture, and educate those who are creating and researching costuming arts including but not exclusive to historical dress, cosplay, and entertainment costuming, encompassed in a safe and supportive environment.

Located in sunny Southern California, our vision is to fill an educational void and encourage hands-on learning in all aspects of the art of costuming. We host lectures and workshops throughout the year; along with tours of costume exhibits and various costumed social events. In addition, we help encourage learning about the costuming arts by working with local museums to sponsor fashion shows and exhibits.

We are the host organization for Costume College®, an annual three-day costuming arts conference. Costume College is a welcoming and non-competitive environment where attendees share and disseminate information/skills. We maintain a Costume College Scholarship program to assist beginning costumers or those in financial need or those who have served CGW. Costume College scholarships may also be awarded during masquerades at local conventions and the costume contest at the Los Angeles County Fair.

CGW is governed by our Board of Directors. The 9-member Board of Directors is comprised of volunteers from our membership who are elected annually at our Annual Membership Meeting. Our Board of Directors meets bi-monthly to oversee the planning of events and the general operations of the organization.

All of our events are planned and organized by volunteers, the smaller of which generally require only couple of volunteers to put together. However, our annual conference, Costume College is planned and organized by a dedicated committee of 30+ volunteers, headed by the Dean and Assistant Dean. If you are interested in volunteering, we will be happy to hear from you.

Costume College Policies

Conferences bring a large group of diverse people together. Even though we all have a love of costumes in common, we come from varying backgrounds. Remember that someone that you see only once or twice a year or have only just met, may have a different comfort level – verbally, visually, and physically – than you do. Please note, these policies are subject to change at any time without notice.

Safety Issues for Conventions

We want everyone to have a safe and enjoyable time at Costume College. The world has become unpredictable as people are acting out in violent manners due to domestic and terror related issues. Large venues can be targets of these events. Your leadership wanted to share ideas with you in case an event like this happens at Costume College or any gathering you may be attending.

If you are in a situation:

RUN: Know where the exits are at the event and have several different escape routes in mind in case your 1st choice is blocked. Once you have reached a safe place away from the incident, call “911” and give Law Enforcement any information that could help First Responders (location, number of suspect(s), suspect(s) description, weapons, any injuries).

HIDE & BARRICADE: If you are unable to exit safely, find a room that can be locked from the inside. Put furniture/items blocking the door. Turn off the lights. Turn off cell phones. Be quiet. Wait till Law Enforcement arrives to escort you to safety.

FIGHT: If confronted with a person trying to harm you, you need to fight for your life. Use anything available to defend/protect yourself (chairs, books, lamps). Control the hand with the weapon. Work as a team to control the suspect. We have not received any threats against our group and do not anticipate you needing to use these tactics but they are good safety precautions to keep in mind.

Minor Policy

All Costume College attendees under the age of 18 must provide emergency contact information when registering. If under the age of 16, the attendee must be accompanied to all classes and events by a parent or guardian who is a registered Costume College attendee.

Minors ages 16 or 17 do not need a parent or legal guardian to attend classes and events with them, but a parent or legal guardian must be at the hotel at all times while the minor is in the hotel.

Any attendee under 18 who wishes to attend a Tour must be accompanied by an adult. (Tour tickets are required for both the minor and the accompanying adult and must be purchased through the general Tour registration process.)

For questions regarding this policy, please contact the Student Liaison at cocostudents@gmail.com.

Weapons Policy

Costumes sometimes come in the form of characters with weapons, and in many cases, these weapons look quite real. Convention operations prefers that these items be peace bonded. A peace bond is a very visible lock or tie on a realistic looking weapon to make clear to security and to police that it is not intended to be used for violent purposes. The peace bond will usually come in the form of a zip tie over the trigger such that it couldn't be pulled or holding a bladed weapon in the sheath. If you have a costume with a realistic-looking weapon, please stop into Ops to have them check it.

- All weapons must conform to state and federal law.
- All weapons must be non-functional.
- Weapons may not be pointed at another person except in a non-threatening manner for the purposes of exhibition or photographs.
- Weapons or Costumes that are deemed by Ops to be a safety hazard for any reason will be banned.
- Use of a weapon in an inappropriate, negligent, or threatening manner is forbidden and may result in suspension of membership.

Dress Code

Costume College and all CGW events are PG-13 events. Be mindful that we are in public spaces and there will be people present who are not a part of our event.

We love costumes at Costume College, however, costumes are never required. We don't want to discourage anyone from wearing a costume at the event, but you should be aware of the environment and spaces you are wearing it in, both for your own comfort and to make sure our events remain navigable for all attendees.

Costumes are not needed in classrooms and can be a distraction when attending classes. If you choose to wear a costume during the day, make sure it takes up minimal space (horizontally and vertically) to ensure that everyone is able to fully participate in their class.

Costume College Policies, continued

Additionally, we ask that you are thoughtful and respectful of others when choosing a costume. Ensembles that demean or mock a culture, lifestyle, or groups of people are not appropriate for our events. Outfits that contain or reference hate speech, crude or offensive language, or sexually explicit content will not be tolerated. Please carefully consider the effect your costume may have on other attendees.

CGW reserves the right to deem a costume unacceptable and request that the wearer make modifications as necessary. If those modifications are unsuccessful or the wearer chooses not to comply with this request, the attendee will be asked to leave the event and no refunds will be issued.

Health & Safety Policies

Details of health and safety policies can be found at www.costumecollege.net/health-and-safety.

Code of Conduct and Anti-Harassment Policy

In order to participate in a Costumer's Guild West, Inc. (CGW) event or interact in CGW/Costume College social media spaces, all attendees, presenters, vendors, sponsors, and volunteers agree to abide by this Code of Conduct. CGW reserves the exclusive and sole right to enforce its code of conduct, define what constitutes unacceptable behavior, and determine what actions it will take to address incidents that occur.

In order to support an environment that builds community and positive connections, the following behaviors are expected of all participants:

- Act with respect and kindness towards everyone you encounter (in-person and online), including other attendees, presenters, vendors, event staff, and venue staff.
- Be mindful of your surroundings and of your fellow participants.
- Ask permission before touching another person or any of their belongings. If permission is not granted, please accept that and walk away.
- Behave in accordance with all venue and event policies and applicable laws.
- If you are asked by CGW or venue staff to stop a behavior that is deemed unacceptable, you are expected to comply immediately.

To comply with this code, participants agree to avoid unacceptable behavior. Examples of such include, but are not limited, to the following:

- Violations of our Anti-Harassment Policy or Dress Code.
- Microaggressions of any kind. (A microaggression is a verbal, behavioral or environmental slight, indignity, or snub – intentional or unintentional – that demeans, invalidates the experience of, expresses a prejudiced or discriminatory attitude, or communicates hostility or a negative message towards a marginalized group.)
- Behaviors that generally interfere with other attendees' experience or participation at the event.
- Sustained disruption of presentations or event activities.
- Non-compliance with event or event venue rules or policies.
- Engaging in any activity prohibited by law.

Consequences of Unacceptable Behavior

Unacceptable behavior will not be tolerated at CGW events. If a participant engages in such or fails to comply with expected behavior at any time during the event, CGW may take any action it deems appropriate, including but not limited to removing the participant from the event without a refund and/or prohibiting future attendance at events. Each instance of unacceptable behavior will be investigated and addressed on a case-by-case basis.

Reporting Unacceptable Behavior

If you witness or are subjected to unacceptable behavior or have any other concerns at a CGW event, notify a CGW board member or event volunteer as soon as possible. This may be done in person or via the reporting form linked on our Anti-Harassment Policy page. In the event these are unavailable for any reason, you may also contact us or email the President at president@costumersguild.org.

What is harassment?

Harassment is any behavior that causes discomfort or alarms or threatens another person or group. Harassment can take the form of verbal statements, written statements, physical gestures or acts, and other forms of communication. Such statements or acts need not be directed at a particular person or group but may be implied or insinuated. The person experiencing discomfort or alarm can be someone other than those at whom the harassment is directed, such as a bystander or witness, or

Costume College Policies, continued

someone who otherwise discovers an incident of harassment. Here are some examples of harassment:

- Offensive comments about:
 - ✓ Race
 - ✓ Color
 - ✓ Religion (includes religious dress and grooming practices)
 - ✓ Sexuality or gender, regardless of whether the harasser and the person being harassed are of the same or different gender
 - ✓ Gender identity, gender expression
 - ✓ Sexual orientation
 - ✓ Marital status
 - ✓ Medical Condition
 - ✓ Pregnancy, childbirth, breastfeeding, and/or related medical conditions
 - ✓ Military or veteran status
 - ✓ National origin
 - ✓ Ancestry
 - ✓ Disability (mental and physical, including HIV/AIDS, cancer, and genetic characteristics)
 - ✓ Genetic information
 - ✓ Physical appearance or body size
- This also includes:
 - ✓ Leering, staring, or suggestive gestures
 - ✓ Stalking or following someone around a public area without their consent
 - ✓ Repeated requests for dates or requests for sexual favors
 - ✓ Showing sexual images or carrying out sexual activities in public spaces
 - ✓ Epithets, slurs, negative stereotyping, offensive jokes, or offensive visual materials related to a protected characteristic
 - ✓ Any written, visual, or graphic material that denigrates or shows hostility or aversion to an individual or group because of a protected characteristic
 - ✓ Photographing or recording someone when you have been asked not to
 - ✓ Uninvited physical contact, including touching, grabbing, patting, pinching, hugging, kissing
 - ✓ Threatening to physically attack someone
 - ✓ Sexual assault
 - ✓ Graphic verbal commentaries about an individual's body, sexually degrading words used to describe an individual, or obscene letters, notes, or invitations
 - ✓ Harassing communications via letters, phone calls, e-mails, text messaging, or social media
 - ✓ Sustained disruption of classes, talks, or other event
 - ✓ Not wearing your mask properly in places where you are required to do so; refusing to wear a mask while in spaces where you are required to do so

What do I do if I am being harassed?

In some cases you may find the harassment stops if you clearly say “no” or “please leave me alone,” or simply walk away. We would appreciate it if a Costume College Committee or CGW Board member was informed right away to help us identify any repeat offenders. **If you continue to be harassed, don't hesitate to ask for the Dean or the President.** We will mediate the situation, help you contact venue security or law enforcement, or otherwise assist you to feel safe during the conference. Costume College will not retaliate against an individual for coming forward with a complaint of harassment.

What should I do if I see someone else being harassed?

Ask the person being harassed if they are okay. Offer to help them find an appropriate board or committee member to report the problem to, or stay with them while someone else finds help. During the registration process on site, look for the photos of board and committee members, so you will know who can help in case such a need arises.

What can I do if someone accuses me of harassment?

Participants asked to stop harassing behavior must comply immediately. If someone makes a complaint against you, listen, and be aware that your actions may not have come off as you intended them. If this has occurred, be prepared to apologize, sincerely and without qualifiers. Please understand that, in such a situation, the safety of guests is the highest priority.

Costume College Policies, continued

Photography

Costume College engages one or more professional photographers who act in an official capacity for the convention. Official Roving Photographers take candid pictures at events, classes, and in public spaces. Official Studio Photographer(s) take posed portraits of attendees in a designated area. These images are the property of Costumer's Guild West, Inc. and may be used at CGW's discretion. Both studio and candid photos are available after the convention, and digital copies are included as part of your registration fee.

As at any public event, photographs and videos of participants and their guests are taken and posted online. Costume College is a lively event and there is a real possibility that your photograph or a video of you may be taken by Costume College photographers or attendees and thereafter posted on the internet. By attending Costume College, you give your consent to the posting of such photographs and videos by us or others and waive all rights and claims with respect to the posting of such photographs and videos.

While we have no control over other people's websites and social media accounts, Costumer's Guild West, Inc. does not list names with photos or video on our website or social media accounts without express consent from the person in the photo or video. If you would like a posted photo or video on the Costume College or CGW website removed, please contact the Web Team at costumecollegeweb@gmail.com, and it will be taken down.

It is harassment to continue to photograph someone who specifically asks you not to take photographs or videos of them or their belongings. If someone asks you not to take such a photo or video, please comply with their request. Please see our anti-harassment policy for further information.

Registered Costume College attendees may take photos and videos in classrooms for personal use ONLY. No photos or videos may be taken of the teacher, their process, presentation, or work, without the express permission of the teacher. If the teacher permits photos and/or videos, these may only be posted on the internet with the express permission of the teacher.

Outside photographers (that is, photographers not officially engaged by Costume College, who may or may not be registered attendees) are allowed at the event. Outside photography is limited to the public areas of the convention with the exception of the marketplace. Outside photography may not disrupt events or impede the flow of foot traffic. Outside photographers may not monopolize areas intended to be used as photo ops by all attendees.

Outside photographers are not required to purchase registration to Costume College, although they are welcome to do so. All persons present at the event must follow our general event policies.

Outside photographers may not use any equipment other than their camera (e.g., no tripods, stand lights, free-standing light rings, etc.) while taking photographs at Costume College.

Outside photographers may not charge money at Costume College or in the hotel for their pictures, though they may hand out business cards to attendees. No financial transactions for goods or services may take place between outside photographers (whether registered or not) and attendees on-site.

Outside photographers may be asked to cease taking photos or to leave at any time.

These policies are subject to change at any time without notice.

Disability Accommodation

It is the policy of the Costumer's Guild West to comply with the Americans with Disabilities Act ("ADA"). We will not discriminate against any attendee of Costume College. We will also reasonably accommodate all attendees with disabilities unless the accommodations would cause an undue hardship to the Costumer's Guild West or the Sheraton Gateway Los Angeles Hotel.

If you require accommodation for special needs covered under the ADA, you must notify the Costumer's Guild West and/or the Sheraton Gateway Los Angeles Hotel no later than six (6) weeks before Costume College. Please contact our Hotel Liaison, Maegen Hensley by e-mail at cocohotelliaison@yahoo.com.

Additionally, we will keep the information regarding your condition and special needs confidential. Only those members of the Costumer's Guild West and the Sheraton Gateway Los Angeles Hotel who are in a "need to know" position will be informed of your situation.

Costume College Policies, continued

Service Animals Accommodation

Dogs are the only service animals allowed at Costume College. If you are bringing a service dog, please notify our Hotel Liaison at cocohotelliaison@yahoo.com no later than six (6) weeks before Costume College.

Your dog will be allowed to be with you in most areas of the hotel, and Costume College, including classrooms, restrooms, the restaurant, lobby, Marketplace, Exhibits, and pool area, etc. However, due to health and safety laws you cannot bring the dog into the pools, or in the gym area.

The handler must maintain control over the dog at all times, either physically by leash, harness or tether, or by voice, signal, or other means. If the dog becomes uncontrollable (including repeated barking), or is not housebroken, the dog must leave the event.

The dog must always be with the handler and cannot be left behind in the hotel room.

If you do bring a service dog, please be considerate and understanding of others' allergies to your dog, or not liking or being afraid of dogs.

Emotional support, therapy, comfort and companion dogs are not considered service animals, and will not be allowed at Costume College. No other animals of any kind will be allowed at Costume College at any time.

Please visit https://www.ada.gov/regs2010/service_animal_qa.html for more information regarding service dogs.

Embedded content from other websites: Articles on this site may include embedded content (e.g. videos, images, articles, etc.). Embedded content from other websites behaves in the exact same way as if the visitor has visited the other website. These websites may collect data about you, use cookies, embed additional third-party tracking, and monitor your interaction with that embedded content, including tracing your interaction with the embedded content if you have an account and are logged in to that website.

Third Party Providers: We occasionally make use of third party providers, such as the app we use for Costume College. In these cases, we often need to provide user data for access, including, but not limited to email addresses and names. In addition to restricting third-party access to only the pertinent subset of users, we share what data is needed and provide ways for that subset of users to either opt-out or opt-in, depending on the needs of the service.

Who we share your data with

Only the parties outlined within this document.

What Information do we collect

We collect personal contact information including name, mailing address, email, and phone number when users register for an event or create an account. Registered users can view and edit their personal information at any time (except they cannot change their username). Website administrators can also view and edit that information. This information is stored as long as the account is active.

Costume College Policies, continued

For some of our events we may ask for additional information on how the registrant identifies in the costuming community. Providing this information is voluntary and is stored on the event's registration form. The event registrar pulls this information (without names) to be shared with the CGW Board of Directors to help us continue to better serve our community. Other information you choose to provide in your account (such as profile picture) can be viewed only by you and website administrators.

How long we retain your data

We do not actively or automatically delete data from our database, but will delete upon request.

What rights you have over your data

If you have an account on this site you can request to receive an exported file of the personal data we hold about you, including any data you have provided to us. You can also request that we erase any personal data we hold about you. This does not include any data we are obliged to keep for administrative, legal, or security purposes.

Our contact information
